Syllabus of IBQMI LEAN ENTERPRISE ARCHITECT™

What does the syllabus encompass?

You will learn the creation and maintenance of business capability models and solution and portfolio roadmaps that reflect business direction and indicate rationalization opportunities. You will be able to analyze enterprise business strategies and market trends to determine their potential impacts on the business and information architecture. After training, you have proven your ability to create and maintain a process and repository for the documentation and storage of business and information architecture artifacts, including conceptual and logical architectures. You understand how to build relationships across business and IT to gather intelligence and bring insight on the wider picture.

What will be my qualification level after passing the final exam?

After passing the final exam, you will have proven skill for systems thinking - the ability to see how parts interact with the whole (big picture thinking). You will have the business knowledge for which the enterprise architecture is being developed and have a comprehensive knowledge of hardware, software, and applications, as well as a deep knowledge of IT governance and operations.

The topics of the official training material for this certification are as follows:

1. The Concept of Enterprise Architecture
2. Define Your Operating Model
3. Stages of Enterprise Maturity
4. The Leadership Agenda
5. Key Success Factors
6. As-Is-To-Be
7. Transition Stages
8. Management Support Tools
9. Governance
10. Security and Privacy Chapter
11. Enterprise Architecture Components
12. Analysis and Documentation Frameworks

13. Enterprise Architecture Artifacts and Components
14. The Implementation Methodology Chapter Overview
15. Value and Risks of Enterprise Architecture
16. Developing an Enterprise Architecture
17. Using an Enterprise Architecture
18. Enterprise Architecture Management Plans
19. The Role of Investment Planning
20. Enterprise Architecture Repository
21. Future Trends in Enterprise Architecture

PDU credits - www.pmi.org

You may receive PDU credits by enrolling to an IBQMI® certification course. You have to apply for your own credits through the PMI CCRS (Continuous Certification Requirement

System). The Project Management Institute® provides an online PDU reporting site, [click here](#) to be taken to the site.

Please select "activities offered by third-party vendors". IBQMI® is not a REP training provider. After you log into the PMI.org website in the Report PDUs subsection choose "Course or Training" as your PDU Category.

For more information about how to Submit PDUs for Courses & Training, visit <https://www.pmi.org>

Scrum Education Units (SEUs) - www.scrumalliance.org

You may receive SEUs by enrolling to an IBQMI® certification course. An SEU® is a credit earned by a Scrum professional for having completed an educational training or learning opportunity that meets a defined set of learning objectives.

You can find all details about Scrum Education Units at the [Scrum Alliance website](#), as well as instructions for registering and tracking your SEUs.

What is the scope and responsibility of this job title?

IBQMI LEAN ENTERPRISE ARCHITECT™s work with stakeholders, both leadership and subject matter experts, to build a holistic view of the organization's strategy, processes, information, and information technology assets. The role of the enterprise architect is to take this knowledge and ensure that the business and IT components are in alignment. The IBQMI LEAN ENTERPRISE ARCHITECT™ links the business mission, strategy, and processes of an organization to its IT strategy and documents this using multiple architectural models or views that show how the current and future needs of an organization will be met in an efficient, sustainable, agile, and adaptable manner. The architect is responsible for the promotion of shared infrastructure and applications to reduce costs and improve information flow to ensure that projects do not duplicate functionality or diverge from each other and from business and IT strategies.

What is included in this certification?

Our included training material will prepare you for the final exam that will lead to the protected title IBQMI LEAN ENTERPRISE ARCHITECT™ if passed. The official training material as an eBook is included in this certification (you save \$95 USD), which is all you need to pass the certification exam. You can also buy the official training material at Amazon.com separately without booking the training. The course includes learning how to explain complex technical issues in a way that non-technical people may understand. You

will learn project and program management along with organizational, customer service, time management, and prioritization skills.

After passing the final exam, you will get the senior job title

IBQMI LEAN ENTERPRISE ARCHITECT™

which will offer you a high position in organizations. This protected job title can only be awarded by IBQMI®, which is the only institute authorized to certify you as IBQMI LEAN ENTERPRISE ARCHITECT™.

Why should I enroll in this certification?

This absolute senior position as an IBQMI LEAN ENTERPRISE ARCHITECT™ is waiting for you! This certification builds self-confidence in augment architecture guiding principles. Reflect your achievement, and improve your skills and knowledge. Become a certified expert in enterprise business strategies and market trends to determine their potential impacts on the business and information architecture.

According to Indeed.com and Monster.com, the average salary of an enterprise architect with lean experience is about \$183,000 USD.

FAQ (Frequently asked questions)

Got Questions? We've Got Answers!

IBQMI® offers an array of Frequently Asked Questions and Answers in response to inquiries on our certifications and programs affecting the assessments. Bookmark this page for future reference and watch for updates. If you do not find an answer, feel free to use the [web form](#) to contact IBQMI®.

1. Prerequisites and level of training

2. Are there prerequisites?

3. No, the IBQMI LEAN ENTERPRISE ARCHITECT™ training course includes all training material needed to pass the test. The price includes the material, the exam, and lifelong public listing in our competence center.

4. How long is the training course?

5. *The IBQMI LEAN ENTERPRISE ARCHITECT™ certification is self-paced. The time to complete and pass the test will vary with every individual. It may take several days or weeks of study before you feel comfortable to take the final test. You may take the final exam as soon as you're ready. You have 180 days from the date of purchase to complete the course.*

6. **How in-depth is the training?**

7. *The IBQMI LEAN ENTERPRISE ARCHITECT™ is an absolute senior position and requires professional experience. This professional development course was designed to teach someone the creation and maintenance of business capability models and solution and portfolio roadmaps that reflect business direction and indicate rationalization opportunities. You have to analyze enterprise business strategies and market trends to determine their potential impacts on the business and information architecture.*

8. **How do I learn more about enterprise architecture and prepare for the IBQMI LEAN ENTERPRISE ARCHITECT™ assessment?**

9. *The IBQMI® IBQMI LEAN ENTERPRISE ARCHITECT™ training material is the first place to start learning about enterprise architecture and an important resource for studying to pass the various assessments available for purchase at www.ibqmi.org. However, reading the training material alone is not enough for someone to pass the assessment. Questions often ask test-takers to interpret information and apply it to challenging situations, so knowledge gained from personal experience and other sources is typically needed. The IBQMI LEAN ENTERPRISE ARCHITECT™ training material is freely available to all students who enroll in the training. This book is also available for non-students at Amazon.com for \$95 USD. You should familiarize yourself with the terms and concepts found in the training material.*

10. **Do I need to purchase books or other training material?**

11. *No, all training material is included in your purchase. Our training material provides the coursework to study and pass the test. Sometimes we may recommend a book so that you can further study a subject, but they are not required.*

2. About the final test

Is the IBQMI LEAN ENTERPRISE ARCHITECT™ test difficult?

*As a IBQMI LEAN ENTERPRISE ARCHITECT™ you have to know enterprise business strategies and market trends. You need a deep understanding of business strategies and multiple architectural models. This test is timed, so you will not have much opportunity to look up answers to questions. It is very essential that you study and understand enterprise architecture prior to taking the test, **otherwise you will not pass!***

How many questions does the IBQMI LEAN ENTERPRISE ARCHITECT™ test have?

The final test of IBQMI LEAN ENTERPRISE ARCHITECT™ has 100 questions.

What is the passing grade, and how much time do I have?

The final test of the IBQMI LEAN ENTERPRISE ARCHITECT™ has a passing grade of 65%. You will have a timeframe of 120 minutes, so you will not be able to look up answers to questions while taking the test.

What are the next steps after I pass the test?

When you have passed the test, your certificate will be created immediately for download. The certificate will be registered automatically in our competence center, and you will have the privilege of using the title IBQMI LEAN ENTERPRISE ARCHITECT™ in your CV for a lifetime.

Can I see the answers to the questions after completing my test?

No, it is not possible to provide answers for the tests of our certifications. The answers to the questions are not displayed. This policy maintains the secrecy of our question bank.

What is the structure of the IBQMI LEAN ENTERPRISE ARCHITECT™ test?

All exam questions are multiple choice questions with one or more correct answers and true/false. We do not penalize wrong answers. All questions carry equal weight in scoring. You can go back and answer unanswered questions. At the end of the assessment, we

provide feedback on how well you scored on overall, so you can better prepare your studies for next time. We encourage you to navigate to and review the training material on our website. You may then further improve your skills that need strengthening.

What happens if I don't pass my certification test on the first try?

If you do not pass the exam, you can take a second attempt free of charge.

3. Details and important information

I am convinced and want to get certified now. Which steps do I have to take to become a IBQMI LEAN ENTERPRISE ARCHITECT™?

The first step is to register and create an account. This is free of charge. After you create an account, you should login and start the enrollment. You will be asked for the payment. After the payment process is done, you will be redirected to your activated enrollment. You now have six months to study the training materials. You can start the test whenever you feel ready. If you are an experienced enterprise architect, you should be able to pass the test by just skimming over the training material. If you are new to enterprise architecture or feel you could use some additional training, we recommend reviewing the training material first before taking the test.

What does the price includes?

- The final examination
- Free training material (Amazon price is \$99 USD)
- Unlimited downloads of your stored certificate
- Lifelong registration as an expert in our competence center
- Automated validation of your achievement for your employer

What does the certificate include?

The IBQMI LEAN ENTERPRISE ARCHITECT™ certificate includes:
