

## Scrum Product Owner Certified (SPOC®)

### Overview

The Product Owner represents the interests of the stakeholder community to the Scrum Team. The Product Owner is responsible for ensuring clear communication of product or service functionality requirements to the Scrum Team, defining Acceptance Criteria, and ensuring those criteria are met. The Product Owner must always maintain a dual view. He or she must understand and support the needs and interests of all stakeholders, while also understanding the needs and workings of the Scrum Team.

Applicants will be awarded the Scrum Product Owner Certified (SPOC®) certificate by SCRUMstudy™ upon successfully passing the certification exam.
